Gentleman,

As you know by now, I no longer represent Mark Obenstine. I will not be involved in any proceedings concerning the appeals that have been filed.

I received your motion to amend the judgment. As you know, Judge Olguin did not approve the Special Master's recommendations on the subject motions, and no request was made of the Court to do so. In not approving the recommendations, Judge Olguin implicitly denied the Special Master's proposal. Absent an order from Judge Olguin, which was not issued, it appears there is nothing to amend the judgment with. Also, there was never a meet and confer for us to discuss these issues.

As you also know, I went to pains to assist you in streamlining the trial, and worked cooperatively with you to try to get the matter resolved. Like you, I was also disappointed the case did not resolve informally.

The motion to amend appears substantively and procedurally improper. I believe very strongly that it will be denied. I ask that you consider withdrawing it, or that one of you give me a call to discuss it. It is my preference to avoid submitting an opposing or spending further time on these matters. I would appreciate hearing from one of you at your earliest opportunity.

Thanks,

Harry A. Safarian
